SCHOOL HISTORY & COMMUNITY

Southampton Academy (SA) is an independent, nonprofit, non-sectarian, coeducational, college preparatory day school for students in Pre-K through Grade 12. The school opened its doors to 150 students in 1969 and stands today as a model for successful and innovative education in a rural community. This year's senior class will be the 50th graduating class of the school. Southampton Academy draws from thirty-six different zip codes throughout south-central Virginia, southern Hampton Roads, and northeastern North Carolina. The area is predominantly agricultural, but many parents work in industry, commerce, and government. Our students and families represent the socioeconomic levels of all of these community settings. The school's bus fleet, which draws from 1600+ square miles of market territory, serves approximately half of our student body, especially those who live at a distance from school.

CLUBS & SERVICE

All middle and upper school students are encouraged to participate in school and community service. Students who volunteer and log 50 hours of service each year are invited to attend the annual banquet for high-achieving students. Extracurricular clubs and organizations at SA include Jr. Beta Club, Sr. Beta Club, scholastic bowl, drama club, forensics, debate, Pep Club, French Honor Society, Spanish Honor Society, Service Honor Society, Honor Council, and SGA. Clubs may vary based upon student interest and faculty sponsor availability.

Southampton Academy admits qualified students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school and makes reasonable accommodations for those with disabilities. It does not discriminate on the basis of disabilities, race, sex, color, national and ethnic origin in administration of its educational policies, admission policies, scholarship and financial aid programs, and athletic and other school administered programs.

The above schedule of values is utilized to calculate GPA. The transcript shows both the unweighted and weighted cumulative scholastic average of all classes. Courses excluded from the GPA calculation are shown as Pass/Fail courses on the transcript. Courses taken at other schools but accepted as SA credit will show the grade earned but will also be excluded from GPA calculation. Grades earned in honors, advanced placement (AP) and dual credit (DE) courses represent a higher level of achievement and are assigned additional weight.

CLASS RANK

Southampton Academy, like many independent schools, does not rank its students. Because admission is selective and class sizes are typically small, class ranking often is not a fair indication of a student's performance or capability. The valedictorian and salutatorian are announced after 3rd quarter of their senior year.

ATHLETICS

All Southampton Academy students in Middle and Upper School are encouraged to participate in team sports. Athletic facilities include the Camp-Ballard Gymnasium, the Dale T. Marks Athletics Center, Pillow Field, baseball and softball fields, soccer field, and all-purpose practice fields. A large percentage of students join at least one interscholastic team. Varsity and JV teams compete in the following sports:

Fall: Football, Girls Volleyball, Cheerleading, Cross Country

Winter: Boys Basketball, Girls Basketball, Cheerleading

Spring: Baseball, Softball, Soccer (Co-Ed), Girls Tennis, Golf (Co-ed)
